**PARSONS MEMORIAL LIBRARY**

---

To the Directors of the library, and the residents of the Town of Alfred, I submit the 63rd annual report:

A total of 409 books have been added to our shelves during the year. Considerable weeding has been done and 308 worn and obsolete books have been discarded. Much more of this work should be done.

Many of the new acquisitions were gifts. Among these are "Indians of the Americas" from the New Century Club; "Time-view Analysis Shows All Studies Form One Perspective," the first of a three-article serial, by Dr. David H. Wilson, the author; "A History of Nelson, N. H. 1767-1967", edited and presented by Parke H. Struthers, a former Alfred resident; "Cassell's History of England", in four volumes, given in memory of Maynard Wright, by Professor Emeritus Andrew MacPhail, a classmate; and many children's books given by young friends. We are very grateful for all these.

Adult book circulation during the year has increased somewhat but total figures show a small decrease in student borrowers. Greater use of the library and its reference books has increased among students.

Seventeen new adult cards and 13 student cards have been issued; six cards have been discontinued. Many out-of-town borrowers have used the library through interlibrary loan and summer privileges.

Mrs. Faunce held a weekly story hour for younger children during the summer vacation. The 3rd grade,

with the teacher, made their usual visit to the library, on an off-library-day.

National Library Week and National Children's Book Week were both observed with displays of suitable books at the library.

Mrs. Roberts and the librarian attended book selection meetings sponsored by the State Library at the Springvale Library. None of the trustees was able to attend the State-sponsored Round Table meeting in the Fall.

Four book stacks have been built in the basement. Two additional movable book trucks have been purchased.

Electric cable has been installed on the eaves on the north side of the library roof to prevent ice-dam formation. A new floodlight now illuminates the front entrance.

Respectfully submitted,

BERTHA F. DREW

## ANNUAL REPORT OF THE ALFRED HEALTH COUNCIL

---

The Alfred Health Council assisted Dr. Richards and Miss Poirier in the following activities during 1968:

Pre-school Child Health Conferences were held in March, April and May.

In the fall grades 1, 4, 7 and athletes were examined by Dr. Richards, assisted by Miss Poirier. Eighty-six physicals were completed. Also at this time specimens brought in by the pupils were tested for sugar.

During diabetic week in November, tests were made at Notre Dame. Also tapes were delivered to each family in town in order that they could do their own testing. The Council feels it is very important that everyone take advantage of this yearly service. Testing results can change from year to year.

Services of the Community Family and Child Guidance Association have been gratefully used this past year, as needed by the townspeople.

The Health Council thanks Dr. Richards and Miss Poirier for their continued interest and support during this past year.

Respectfully submitted,

JANE FOLSOM

Secretary

## REPORT OF THE PUBLIC HEALTH NURSE

---

### Alfred — 1968

The general purpose of public health nursing is to help people and the community, as a whole, achieve and maintain optimal health. It is time again to review and evaluate the nursing services in Alfred during the past year.

These services have been provided through the Division of Public Health Nursing of the Department of Health and Welfare. A successful public health nursing program depends largely upon the interest, support and volunteer work of the local people, individually and through organized group effort.

Child Health Conferences were held during April, May and June with a total attendance of 9 infants and 56 pre-school children. This is an increase over the last few years. Sixteen were given physical examinations. The following immunizations were given:

Smallpox .....	10
Polio—Sabin .....	31
Measles vaccine .....	9
Diphtheria, whooping cough & tetanus—	
Series .....	7
Boosters .....	18

Measles vaccine and oral polio vaccine for the pre-school age group was provided free through the Department of Health and Welfare. Our aim is to protect every pre-school child against these two serious diseases.

In the fall, 86 pupils from grades 1-4-7 and athletes were given physical examinations by Dr. Richards with the assistance of your public health nurse and members of the health council. Only two conditions requiring follow-up care were found this year. Hearing tests were given to 26 pupils from grade 2 and teacher referrals from other grades. None were found to have any significant hearing loss.

Tuberculin tests on 33 pupils from the entering grade and seventh grade were done in March 1968 and in October 1968, 47 pupils from these same grades were tested. All tests were negative. This is an ongoing program to discover unknown cases of tuberculosis. Because of the limited contacts of children, it may be easier to find the source of infection. Regular conferences have been held with school personnel to discuss health problems.

In April, an immunization clinic was held with a total attendance of 97. The following immunizations were given:

Smallpox .....	41
Diphtheria & tetanus—Boosters .....	65
Polio—Sabin .....	35
Measles vaccine .....	3

In order to complete the polio series, 30 children received the second dose of oral polio vaccine in October.

Participation in pre-school registration has given me an opportunity to discuss the health history and immunization record of each child and include this information on the school health record which is started at this time. I have found parents much more

aware of the importance of keeping a good health record.

Home visits were made to families with specific health problems. These visits included all patients of age groups infant through elderly.

I would like to take this opportunity to thank everyone who has assisted me during the past year. I am especially grateful to the members of the health council who have so generously given volunteer assistance in carrying out the health activities.

Respectfully submitted,

(Miss) FLORENCE G. POIRIER, R.N.

Division of Public Health Nursing

## NOTICE CONCERNING RABIES

### IMMUNIZATION

---

You are reminded that the following regulations were adopted on April 1, 1968, in accordance with the provisions of Title 22, Section 1312, Revised Statutes of Maine, 1964, and are still in effect.

1. No license shall be issued for any dog in the state without the presentation of a valid certificate showing that the animal has been immunized against rabies.

2. A certificate of immunization shall be considered valid for the purpose of license issuance if it is authenticated by a licensed veterinarian or by an official health department.

3. The certificate must show that the date of immunization has been within 365 days preceding the date of application for the dog license.

If you have any questions about these regulations, please feel free to contact the Division of Communicable Disease Control of this Department for further information.

The major point of confusion surrounding these recommendations has concerned the so-called "three year" rabies vaccines for dogs. The Maine Veterinary Medical Association and this Department have discussed the use of these vaccines and feel that, because of the intensity of the recent epidemic of rabies in animals, all vaccines can be relied upon for only one year

of protection. Therefore, there are no exceptions to the regulation that immunization must have been performed within 365 days of the date of application for licensure.

Dog taxes are due and payable on or before the first day of January of each year.

## REPORT OF THE SUPERINTENDENT

January 1, 1969

To the Board of School Directors and to the Citizens of

School Administrative District No. 57:

Major emphasis this year has of necessity centered on the construction of the new six-year secondary school facility in Waterboro, and on the complex planning in the areas of curriculum, staff, equipment and transportation which is pre-requisite to occupancy of the school in September, 1969. Incorporating a kindergarten program for five-year olds into the existing school program, also for September, 1969, becomes possible through utilization of classroom space presently used by the seventh and/or eighth grades in the existing elementary schools.

Present planning, as it has been developed to date by staff and school directors, places all pupils of grades seven through twelve in the the new high school currently under construction. Kindergarten and grades one through six are scheduled for single grade classrooms in Alfred, Limerick, Lyman and Waterboro. A similar single-graded system for Newfield and Shapleigh pupils, approved by the Board, becomes possible by combining pupils in grades one through six in the four classrooms at Shapleigh and in the two classrooms at Newfield, and by transporting a combined Newfield-Shapleigh kindergarten class to the Limerick School.

Attention is directed to the separate reports on following pages of the elementary supervisor, of the high school principal, and of the Building Committee.

The opening enrollments of the district schools in September, 1968, were:

	1	2	3	4	5	6	7	8	Totals
Alfred	28	20	22	24	19	14	21	20	168
Limerick	21	26	25	17	29	22	26	24	190
Lyman	19	20	20	22	29	15	13	19	157
Newfield	5	5	6	8	6	5	12	8	55
Shapleigh	11	10	12	12	4	10	10	14	83
Waterboro	24	20	20	18	22	24	20	25	173
Totals	108	101	105	101	109	90	102	110	826
				9	10	11	12		Totals
Limerick High School			16	11	11	10			48

Tuition pupils were attending secondary schools as follows:

Biddeford High	3
Kennebunk High	37
Marshwood High	24
Sacopec High	28
Sanford High	189
Cathedral High	2

---

Fryeburg Academy .....	1
St. Ignatius High .....	7
St. Joseph Academy .....	2
St. Louis High .....	1
Thornton Academy .....	6
Total .....	<u>300</u>

Allocations of federal funds under the Elementary and Secondary Education Act of 1965 were at about the same levels as for the previous year. The sum of \$10,050.00 was received and expended under Title I for summer classes in reading and in mathematics. For school libraries Title II funds in the amount of \$1,241.04 were received and expended for library books. The York County Community Action Program funded a summer Headstart program, which was conducted in the Alfred School.

A greatly increased appropriation will be required to operate the school system for 1969. A major cause is the drastically increased state valuations, which in turn require greater local and lesser state contributions to the cost of education. Other reasons are the necessity to capitalize many items in the new school, increased transportation costs, increased costs of operating a larger school plant, and increased teacher salaries. Some of these items, as kindergarten and transportation, will result in increased state subsidy in a subsequent biennium, but the entire cost must be capitalized by the district in this biennium.

The financial statement for 1968 follows separately.

Sincere appreciation is expressed to the staff, directors, municipal officers and citizens for their helpful cooperation in operating our school system this past year. Your continuing cooperation and helpfulness is solicited for the coming year in the many problems which must be solved.

Respectfully submitted,

Carroll B. Ronco

We have examined the financial statements of School Administrative District #57 for the year ended December 31, 1968. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion the accompanying balance sheet and related statements of operations present fairly the financial position of School Administrative District #57 at December 31, 1968 and the results of its operations for the year then ended, in conformity with generally accepted principles of governmental accounting, applied on a basis consistent with the preceding year.

## REPORT OF THE PRINCIPAL

It is a pleasure to make my first annual report to the citizens of S.A.D. No. 57. My year, thus far, has been interesting and challenging.

My first interest is that of organizing a school of which the students may be proud and in which they may continue their education without interruption. It was necessary, therefore, to examine the curriculum and activities of the schools where our students are presently attending and to arrange our curriculum and activities, so as to be representative of these schools. An information booklet was written explaining the curriculum to the students and a special booklet "The Open Door to Opportunity" was written for the incoming freshmen. I was then able to proceed with the registration of prospective students.

I feel that our curriculum and activities program will be comparable to the other high schools in York County. Provisions will be made for the addition of courses and activities in areas where active student interest is shown. We have been admitted to two leagues for athletic competition. In football we will compete in the Western Maine Class D. Football Conference and have an eight game schedule for next year. In all other sports we will compete in the Southern York Secondary School Association. The band and glee club are planned as a part of the regular school curriculum.

My additional time has been spent in helping in the planning of laboratory and gym facilities; assisting in certain phases of the budget and examining textbooks and supplies for future purchase. I have also been engaged in screening and interviewing prospective teachers. This latter is of great importance as no matter how well the school is planned, it is wasted effort unless a faculty capable of carrying out these plans can be secured.

It has been kept in mind that our school is being built for the students and every effort will be made to include them in its planning. They have been given the responsibility of selecting the school name and the school colors and in the near future a committee of students will be formed to help with the planning for the yearbook, newspaper, school ring and seal and the student council.

I would like to express my appreciation for the cooperation I have received from all those persons connected with the operation of the District and a special note of thanks to the principals of the schools where our students now attend for the assistance they have given me. I, along with you, am looking forward to the opening of this school when the work and the planning of many people will become a reality.

Respectfully submitted,

Sidney O. Griffith, Jr.

## REPORT OF THE ELEMENTARY SUPERVISOR

In the past year SAD No. 57's elementary schools have experienced several changes and improvements. With the opening next fall of the new school, which will give us much needed room in the elementary schools, many more changes and improvements will be made. The paragraphs below are an attempt to explain some of the changes and innovations in our elementary schools that have already been made as well as those that are scheduled to begin next fall.

When our current sixth grade students enter our new school as seventh graders, SAD No. 57 will have accomplished its goal of having all the students in the six towns enter the seventh grade with the same curriculum background. Thus we will have a coordinated elementary school system in six towns feeding our junior high school with students who will have had basically the same preparation.

As for specific areas of the curriculum, we now have a coordinated and sequential modern mathematics curriculum up through the sixth grade. This program stresses mathematical concepts. We are supplementing the basic texts with, among other things, kits which provide practical application and drill relative to basic mathematical concepts. In reading we are emphasizing phonics by extending last year's new Phonetic Keys program from grade one to grade two. We are also now using new supplemental phonics workbooks in grades two through six. Enrichment and supplemental reading kits, which were used in our Summer School, are being utilized in the middle grades. In addition, a new English program has been adopted by the District this year. The program combines traditional grammar, structural grammar, transformational grammar and linguistics.

The most exciting innovation next year will be what many consider the foundation of a school system—the kindergarten. I envision our kindergarten as having two major goals. One goal is to prepare our children for the ever increasingly sophisticated academic work which they will encounter as they progress through school. The other goal is to develop in our children a healthful attitude toward school by stressing the concepts that school is fun and that school is a place in which work is done.

Next year many of our elementary students will have the new experience of being in a single graded room. Present planning will permit us to eliminate all multi-grade rooms in the District. Educationally, this will be a great step forward. Present planning also calls for a full time music teacher at the elementary level as well as a part time art teacher who will be shared with the high school.

It has been very gratifying to me to see some of the above developments become realities and I look forward to next year with great enthusiasm when all of the programs will be in operation. I think that the citizens of the District are to be commended for the sacrifices and contributions that are required to make our school system what it is today, and more importantly what it will be in the future.

Respectfully submitted,

Robert E. Powers

Elementary Supervisor

**AUDITOR'S REPORT**

---

February 8, 1969

Board of Selectmen  
Alfred, Maine

Gentlemen:

In accordance with the provisions of Section 26, Chapter 90-A, Revised Statutes of 1954, and at your request, the financial records of the Town of Alfred have been audited for the municipal year ended December 31, 1968.

As required by statute, one copy of this report together with the audit procedural form prescribed by the state auditor for governmental audits in accordance with statutory requirements have been forwarded to the State Department of Audit.

The examination was in the form of a limited general audit and performed in accordance with standards established by the State Department of Audit and by the National Committee on Governmental Accounting. Audit analysis was on a basis consistent with the preceding year and included all procedures considered necessary.

Insofar as could be ascertained within the scope of the examination, the financial affairs of the Town appear to have been appropriately handled, with such exceptions as may be noted in the accompanying comments.

Exhibits and schedules together with the accompanying comments present the result of the financial operations of the Town for the period designated.

All of which is respectfully submitted.

C. R. WOODMAN

Public Accountant

**COMMENTS****TOWN OF ALFRED****January 1, 1968 to December 31, 1968**

An audit of the financial records maintained by the various officers of the Town of Alfred has been completed for the municipal year ended December 31, 1968.

The examination included a review of cash transactions as well as an analysis of available funds and expenditures. The results are incorporated in the following comments, exhibits, and supporting schedules.

An analysis of the results of the year's operations showed that net departmental balances credited to surplus amounted to \$6,519.92, per the following summary:

**Departmental Balances**

Unexpended .....	\$ 11,191.23
Overdrafts .....	(4,671.31)
	<hr/>
Net Balances to surplus .....	\$ 6,519.92
	<hr/>
	<hr/>

Unexpended balances in Overlay and Snow removal accounts were the principal factors contributing to net balances lapsed to General fund surplus.

**ASSETS** . . . The General fund cash balance of \$5,441.53 was reconciled with a statement furnished by Sanford Trust Co., Sanford, Maine.

Taxes receivable of \$16,490.85 represented the uncollected balance of the 1968 commitment amounting to \$16,477.35 and \$13.50 on prior years balances.

Tax liens and tax acquired property amounted to \$3,513.15 and \$954.93 respectively at the closing date. Town owned property totaled \$192.95.

**LIABILITIES . . .** The Town had no recorded general fund liabilities at the audit date.

**SURPLUS . . .** The appropriated surplus of the Town, representing appropriation account balances carried forward to the ensuing year, amounted to \$5,496.50 at the year end. This consisted of various balances carried forward in compliance with statutory requirement or as directed by the selectmen.

The unappropriated surplus of the Town amounted to \$21,096.91, an increase of \$7,096.10 as compared with the preceding year. This increase was occasioned principally by Departmental Balances lapsed to surplus and by gain and interests on Tax Liens.

**SPECIAL FUNDS . . .** Special funds totaled \$27,435.11 at the year end, and were represented by time and demand deposits. Special fund balances at the year end were as follows:

Municipal building .....	\$ 11,436.26
Old Cemetery Fund .....	2,376.47
Library Fund .....	3,724.19
War Memorial Fund .....	6,907.26
Fire Truck Fund .....	2,990.93
<hr/>	
TOTAL .....	\$ 27,435.11

Balances of these funds were verified by examination of bank statement and bank deposit books, except that the book representing the balance of the War Memorial Fund was not available for examination. The balance in this account was verified with the depository.

#### RECOMMENDATIONS . . .

The Tax collector is required by statute to deposit collections with the Treasurer at the end of each month.

Included in this report are exhibits and schedules pertaining to the Town's financial status. Audit procedures were followed to the extent deemed necessary to develop these statements.

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the Town at December 31, 1968, and the result of its operations for the year then ended.

**PARSONS MEMORIAL LIBRARY**

To the Directors of the library, and the residents of the Town, I submit the 64th annual report:

Circulation figures for the year show a slight increase over those for 1968. This is encouraging as so many libraries report decreases in juvenile and young people circulation, due in part to the fine collections in the school libraries.

In September, Mrs. Dorothy Hill joined our staff as assistant. She works one forenoon a week in the elementary school library, using small selections of books from the town library. These are changed as needed to satisfy the young borrowers. In three months 285 of our books were used.

A total of 208 books have been added to our shelves. Many of these are gifts which we very much appreciate as we have been operating on a very limited budget this past year. Drastic cuts have been made in the Federal appropriations for library services. Ninety-two worn and obsolete titles have been discarded.

Thirty-one new adult and students cards and three temporary cards have been issued. Due to several families moving out-of-town 27 cards have been discontinued or placed in the inactive file.

A group of Headstart children, with teachers and assistants, visited the library for two hours in July. This was a rewarding experience for all concerned as many of the youngsters had never been inside a library before.

Two staff members attended a regional Round Table for librarians at the Cape Elizabeth library. National Library Week and Children's Book Week were observed with displays of suitable books at the schools and library.

---

The New Century Club gave us "The Quest for Arthur's Britain" by Geoffrey Ashe, and RCA donated 20 long-playing popular records which are beginning to circulate. Warren Sayward presented numerous papers, blueprints and photos from his father's estate. Mr. Sayward was one of the crew which did the carpentry in the library when it was built in 1903.

MAINE DEPARTMENT OF  
HEALTH AND WELFARE  
DIVISION OF PUBLIC HEALTH NURSING,  
BUREAU OF HEALTH  
ANNUAL REPORT OF PUBLIC HEALTH NURSE

Alfred — 1969

The health of the people is really the foundation upon which their happiness and accomplishments depend. The first responsibility for health rests with each person. Health is not something that parents can present to their children as a lifelong gift.

In order to help people and the community as a whole to achieve and maintain optimal health, the Division of Public Health Nursing of the Department of Health and Welfare has provided the following services in the town of Alfred during the past year.

Child Health Conferences were held during April, May and June with a total attendance of 3 infants and 34 preschool children. Only 7 from this group took advantage of the physical examination offered. The main purpose of the Child Health Conference is health supervision of the well child. The following immunizations were given:

Smallpox	11
Diphtheria, whooping cough, tetanus—	
Series	3
Boosters	16
Polio—Sabin—	
Series	4
Boosters	3
Measles	4

Hearing tests on 21 pupils from grade 2 and teacher referrals from other grades were done in January.

Following the custom of previous years I have again participated in preschool registration to discuss the health history and immunization needs of each child and include this information on the school health record.

A major change in the program is the appointment of a full-time school nurse for the district. Because of this and the addition of more territory the school program has not yet been done for this school year. We plan to work together and share information that will help to provide better health services for your community.

Home visits to individuals and families are still the closest link between the patient and the public health nurse. I have made as many home visits as time would allow to meet the specific health needs.

Volunteer assistance from members of the health council has been of valuable help to me. Without their support much less could be accomplished.

I would like to thank everyone who has contributed in any way towards my efforts for better health for the people of Alfred.

Respectfully submitted,

FLORENCE G. POIRIER, R.N.

Division of Public Health Nursing

**NOTICE****IMMUNIZATION OF DOGS AGAINST RABIES**

Chapter 244, Public Law 69 states that:

“No city or town clerk shall issue a license for any dog until the applicant has filed with such clerk proof that such dog has been immunized against rabies in accordance with rules and regulations promulgated by the Commissioner of Health and Welfare, provided that the requirement of immunization may be waived by such clerk under conditions set forth by the Commissioner of Health and Welfare.”

The following rules are hereby promulgated in accordance with these provisions:

1. A certificate of immunization shall be considered valid for the purpose of license issuance if it is authenticated by a licensed veterinarian or by an official health department.

2. The certificate must show that the date of immunization has been within 730 days (two years) preceding the date of application for the dog license.

Dog taxes are due and payable on or before the first day of January of each year.

AUDITORS REPORT

February 13, 1970

Board of Selectmen  
Alfred, Maine

Gentlemen:

In accordance with the provisions of Title 30, Section 5253, RS 1964, and at your request, the financial records of the Town of Alfred have been audited for the municipal year ended December 31, 1969.

As required by statute, one copy of this report together with the audit procedural form prescribed by the state auditor for governmental audits in accordance with statutory requirement have been forwarded to the State Department of Audit.

The examination was in the form of a limited general audit and performed in accordance with standards established by the State Department of Audit and by the National Committee on Governmental Accounting. Audit analysis was on a basis consistent with the preceding year and included all procedures considered necessary.

Insofar as could be ascertained within the scope of the examination, the financial affairs of the Town appear to have been appropriately handled, with such exceptions as may be noted in the accompanying comments.

---

Exhibits and schedules together with the accompanying comments present the result of the financial operations of the Town for the period designated.

All of which is respectfully submitted.

C. R. Woodman  
Public Accountant

COMMENTS

## TOWN OF ALFRED

January 1, 1969 to December 31, 1969

An audit of the financial records maintained by the Town officers of Alfred has been completed for the municipal year ended December 31, 1969.

The examination included a review of cash transactions and an analysis of available funds and expenditures. The results are incorporated in the following comments, exhibits, and supporting schedules.

An analysis of the results of the year's operations showed that net departmental balances credited to general fund surplus amounted to \$3,704.95, per the following summary:

## Departmental Balances

Unexpended	\$8,801.79	
Overdrafts		<u>(5,096.84)</u>
Net Balances to surplus	\$3,704.95	

ASSETS . . . The general fund cash balance of \$11,303.11 was reconciled with a statement furnished by Sanford Trust Co., Sanford, Maine.

Accounts Receivable of \$5,635.28 represented amounts due from the State for highway construction, and a balance due from the Tax Collector.

Taxes Receivable, Tax Liens and Tax Acquired Property amounted to \$19,316.33, \$3,548.69 and \$350.53 respectively.

LIABILITIES . . . The Town had no recorded general fund liabilities at the year end.

**SURPLUS . . .** Departmental balances carried forward to the ensuing year amounted to \$1,317.05, and represented Civil Defense and other funds appropriated for uncompleted or continuing projects.

Unappropriated surplus amounted to \$38,836.89, an increase of \$17,739.98 as compared with the preceding year. This increase was occasioned principally by the sale of Town owned property. The Town recorded gross receipts of \$23,128.69 on the sale of Town owned property and settlements of Tax liens during the year.

**SPECIAL FUNDS . . .** Transactions effecting the various special funds were reviewed. Disbursements were recorded only in the Parsons Memorial Library fund. Fund balances at the year end were as follows:

Old Cemetery	\$ 3,848.61
Fire Truck	4,152.64
Municipal Building	11,898.26
War Memorial	7,186.30
Parsons Library	3,669.77
	<hr/>
TOTAL	\$30,391.58

Included in this report are exhibits and schedules pertaining to the financial status of the Town. Audit procedures were followed to the extent deemed necessary to develop these statements.

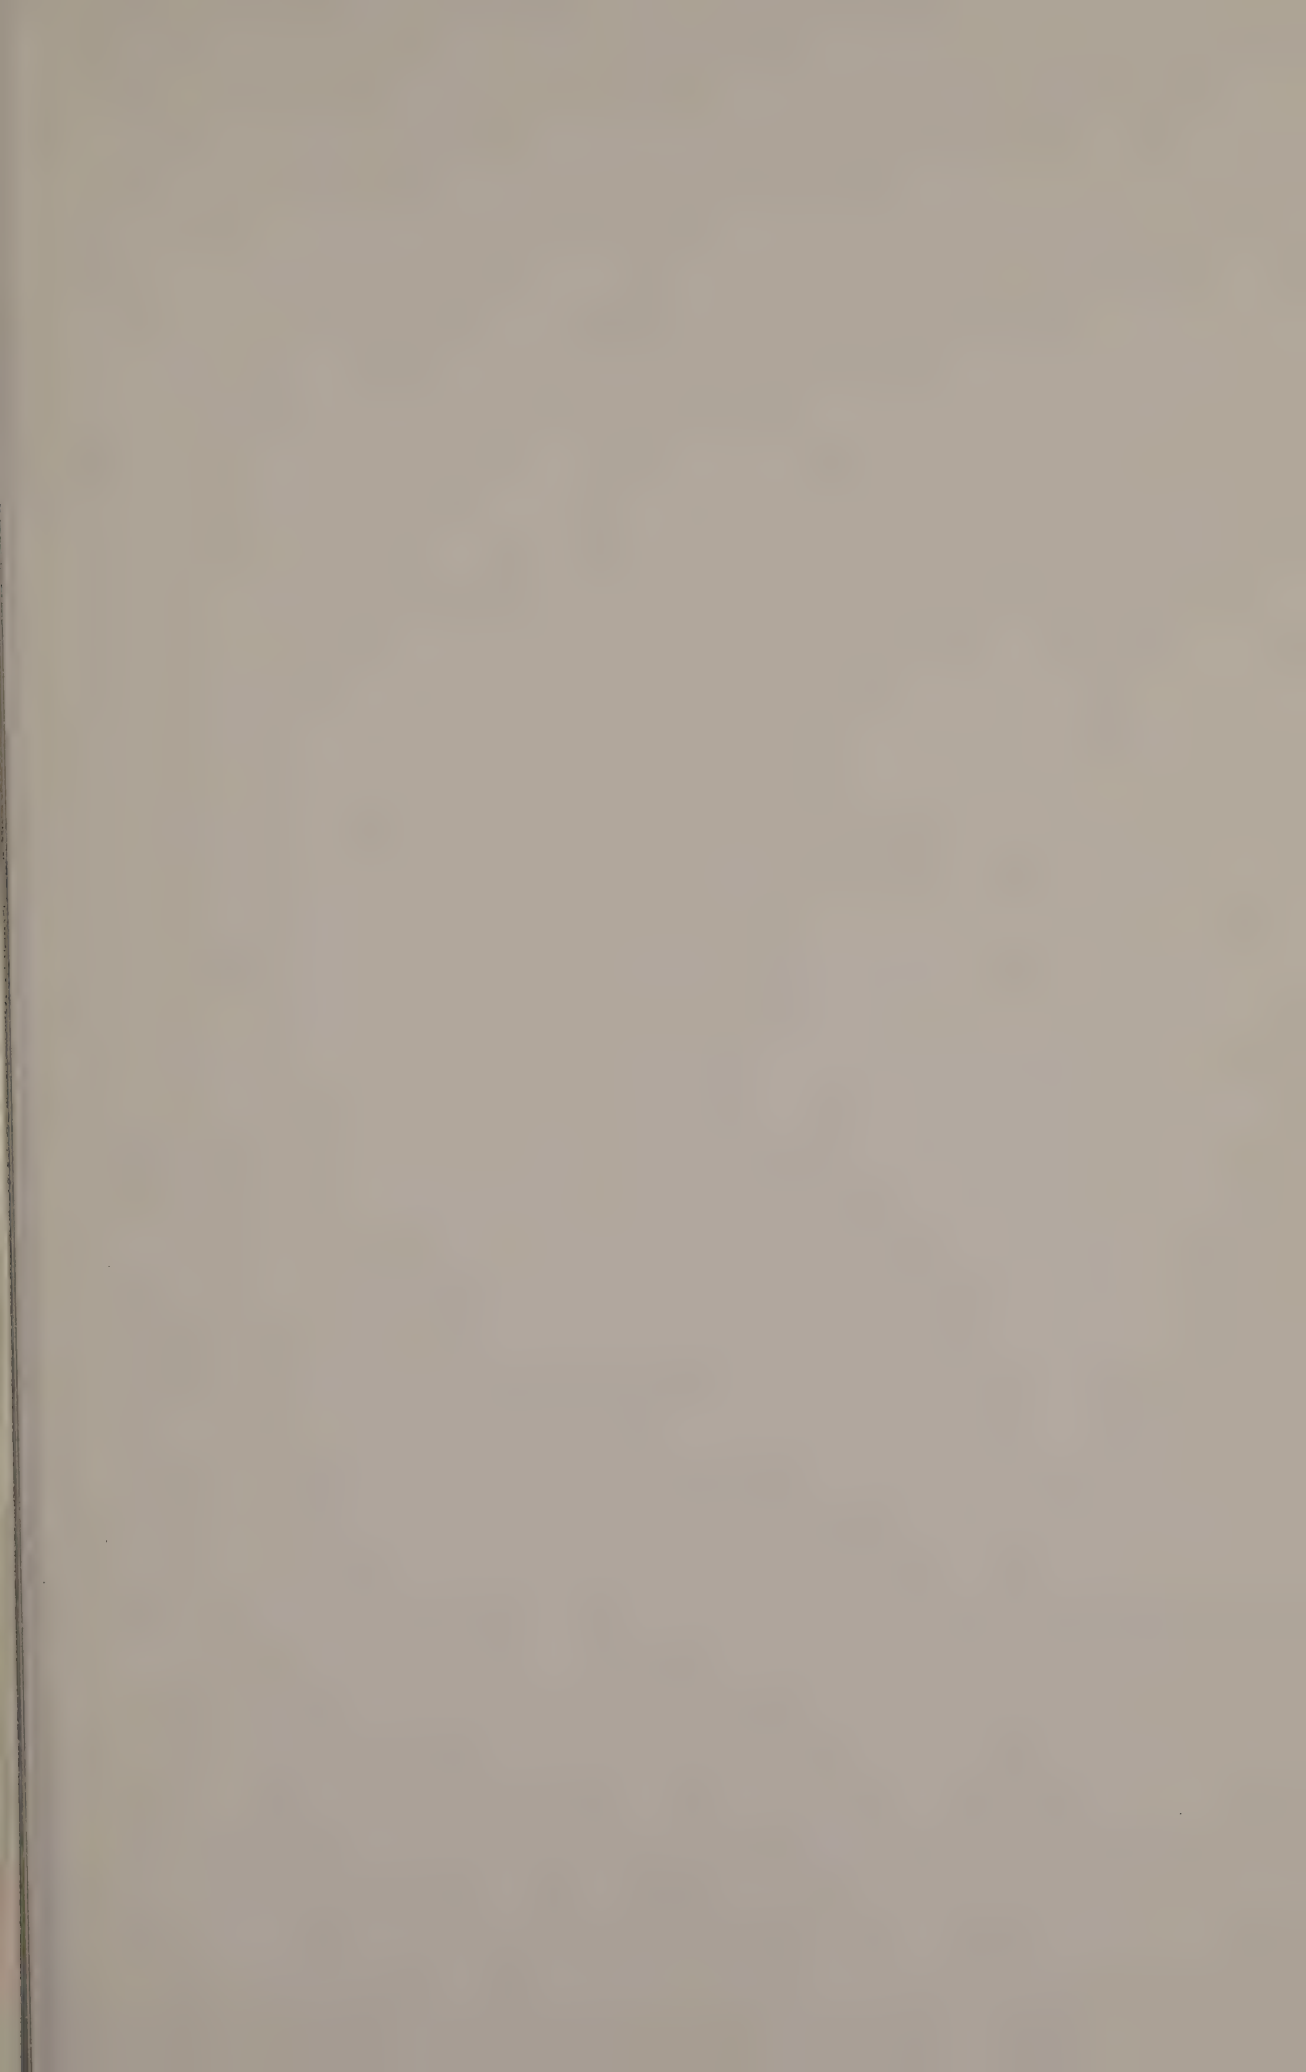

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the Town at December 31, 1969, and the result of its operations for the year then ended.

## PARSONS MEMORIAL LIBRARY

To the Directors of the library, and the residents of the Town, I submit the 65th annual report:

A total of 243 books have been added to our shelves during the year; many of these are gift paperbacks which, although they are comparatively short-lived, are appreciated. Paperbacks are usually reinforced to prolong their usefulness. The New Century Club gave us "Population in Perspective" and other friends donated numerous used and new titles. The Columbia Record Company sent us 20 long-playing records.

Circulation has decreased considerably, especially in the student column now that the schools all have such fine libraries. Adult non-fiction is increasing in popularity. With our limited resources and the rising prices of books we have been unable to buy many of those we would like to have. Weeding of obsolete and worn books has continued on a small scale. Thirty-six new borrowers have registered; very few cards have been removed.

We have recently subscribed to the Centralized Cataloging Service at the N. H. State Library. This is financed by a Federal grant and we hope it will speed up the processing of books to get them into the hands of the borrowers sooner.

Children's Book Week, National Library Week and Education Week were observed with suitable displays and Bowdoin College art prints were shown at Elementary Schools and the Library for two weeks.

Two of the staff attended the State-sponsored Round Table meeting at Biddeford in September. The librarian

and assistant visited the SAD 57 library in the fall and were truly impressed by the size and quality of their collection and facilities.

Vandalism and malicious mischief have been a problem in and about the library during the summer and fall. At present this nuisance seem to have improved.

Respectfully submitted,

BERTHA F. DREW

MAINE DEPARTMENT OF  
HEALTH AND WELFARE  
DIVISION OF PUBLIC HEALTH NURSING,  
BUREAU OF HEALTH  
ANNUAL REPORT OF PUBLIC HEALTH  
NURSING SERVICE IN ALFRED  
IN THE YEAR 1970

Public health nursing is a special field of nursing that combines the skills of nursing and public health for the promotion of health, prevention of illness and disability and rehabilitation.

In Alfred two services are provided - a school nurse for the district, and a nurse from the Division of Public Health Nursing.

The health picture of the nation has changed considerably during the last decade. Due to research many diseases can now be prevented by immunization. When the immunization level is high, epidemics should not occur. Because of our attempts to eradicate some diseases through immunizations, such diseases as diphtheria, whooping cough, tetanus, polio, smallpox and more recently, measles and German measles are on their way to being diseases of the past. For many years our efforts have been directed to the health care of infants and pre-school children through Child Health Conferences.

Conferences were held during April, May and June with a total attendance of forty-two. Eleven were given physical examinations. The following immunizations were given:

Type of Immunization	Number of Children Immunized
Smallpox	4
Measles	10

Polio	11
Diphtheria, whooping cough and tetanus	14

Home visits were made to help families meet specific health needs.

Your public health nurse is especially grateful to the members of the health council for their volunteer assistance and would like to thank everyone who supported me in my efforts towards better health for the people of Alfred.

Respectfully submitted,

Florence G. Poirier, R.N.  
Division of Public Health Nursing

## ANNUAL REPORT OF THE ALFRED HEALTH COUNCIL

The Alfred Health Council with the help of Dr. Richards and Mrs. Doris Conley held physicals for grades kindergarten, 1 and 3.

Diabetes week started November 2, Dr. Bacon provided Testape for testing in school for grades 2 through 6.

Services of the Community Family and Child Guidance Association were used and appreciated.

Eye examinations were given to grades 1 through 5. A new eye testing machine called "Titnus Vision Machine" was used.

We wish to thank Dr. Richards and Mrs. Conley for their help.

## NOTICE IMMUNIZATION OF DOGS AGAINST RABIES

Chapter 244, Public Law 69 states that:

"No city or town clerk shall issue a license for any dog until the applicant has filed with such clerk proof that such dog has been immunized against rabies in accordance with rules and regulations promulgated by the Commissioner of Health and Welfare, provided that the requirement of immunization may be waived by such clerk under conditions set forth by the Commissioner of Health and Welfare."

The following rules are hereby promulgated in accordance with these provisions:

1. A certificate of immunization shall be considered valid for the purpose of license issuance if it is authenticated by a licensed veterinarian or by an official health department.

2. The certificate must show that the date of immunization has been within 730 days (two years) preceding the date of application for the dog license.

Dog taxes are due and payable on or before the first day of January of each year.

Respectfully submitted,

BERNARD H. DeHAVEN

Town Clerk

## AUDITORS REPORT

February 1, 1971

Board of Selectmen  
Alfred, Maine

Gentlemen:

In accordance with the provisions of Title 30, Section 5253, RS 1964, and at your request, the financial records of the Town of Alfred have been audited for the municipal year ended December 31, 1970.

As required by statute, one copy of this report together with the audit procedural form prescribed by the state auditor for governmental audits in accordance with statutory requirement have been forwarded to the State Department of Audit.

The examination was in the form of a limited general audit and performed in accordance with standards established by the State Department of Audit and by the National Committee on Governmental Accounting. Audit analysis was on a basis consistent with the preceding year and included all procedures considered necessary.

Insofar as could be ascertained within the scope of the examination, the financial affairs of the Town appear to have been appropriately handled, with such exceptions as may be noted in the accompanying comments.

Exhibits and schedules together with the accompanying comments present the result of the financial operations of the Town for the period designated.

All of which is respectfully submitted.

C. R. Woodman  
Public Accountant

**COMMENTS**  
**TOWN OF ALFRED**

**January 1, 1970 to December 31, 1970**

An audit of the financial records maintained by the Town officers of Alfred has been completed for the municipal year ended December 31, 1970.

The examination included a review of cash transactions and an analysis of available funds and expenditures. The results are incorporated in the following comments, exhibits, and supporting schedules.

An analysis of the results of the year's operations showed that net departmental balances credited to General fund surplus amounted to \$9,748.91 per the following summary:

**Departmental Balances**

Unexpended	\$ 13,232.70
Overdrafts	(3,483.79)
	<hr/>
Net balance to surplus	\$ 9,748.91
	<hr/> <hr/>

**ASSETS . . .** The general fund cash balance of \$16,678.06 was reconciled with a statement furnished by Sanford Trust Co., Sanford, Maine.

Taxes Receivable, tax liens and tax acquired property amounted to \$21,835.50, \$4,281.41 and \$367.19 respectively.

**LIABILITIES . . .** The Town has no recorded general fund liabilities at the year end.

**SURPLUS . . .** A net overdraft balance of \$589.97 was carried forward to 1971, which represented Civil

Defense and other funds appropriated for uncompleted or continuing projects.

Unappropriated surplus amounted to \$43,759.72, an increase of \$4,922.83 as compared with the preceding year. This increase was occasioned principally by Net departmental balances of \$9,748.91 lapsed to General fund surplus at the year end.

SPECIAL FUNDS . . . Transactions affecting the various special funds were reviewed. Disbursements were recorded only in the Parsons Memorial Library fund. Fund balances at the year end were as follows:

Old Cemetery	\$ 3,656.77
Fire truck	5,363.94
Municipal Building	12,468.40
War Memorial	7,186.30 *
Parsons Library	3,594.18
	<hr/>
TOTAL	\$ 32,269.59

Included in this report are exhibits and schedules pertaining to the financial status of the Town. Audit procedures were followed to the extent deemed necessary to develop these statements.

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the Town at December 31, 1970 and the result of its operations for the year then ended.

## PARSONS MEMORIAL LIBRARY

To the Directors of the library, and the voters of the Town, we submit the 66th, annual report:

Since Mrs. Dorothy Hill joined the staff as assistant at the library we have been able to accomplish drastic weeding of books and made a start on catalog card filing. A very successful sale of worn and out-of-date books netted \$100.25 during the summer - there is much more to be done - we have not started on the non-fiction. Many books have been stored or discarded. Mrs. Hill has outlined several new projects and done much to make the library more attractive.

With the increase in the town's appropriation we have increased, to a degree, our acquisitions, but still need means to continue this forward step. Interlibrary loans have helped us to supply patrons with titles which we do not own. Thirty-eight new student borrowers and 18

adult cards have been issued; only two cards have been discontinued.

Two of the staff attended a book selection meeting at the Gorham library. There were no Round Table meetings in the State as the State Library was involved in moving into their new quarters. Numerous gifts of books and records have been received, and enjoyed.

The New Century Club gave the library three books as they have for several years and have selected their gift for 1972. We are indeed most grateful for all these gifts from one and all.

National Library, Education, and Children's Book Weeks have been observed with suitable displays set up by Mrs. Hill, using numerous posters. Special holidays have not been forgotten, either.

Improvements made during the past year include stripping and refinishing the outside doors which gives the building a "face-lift."

Respectfully submitted,

DIVISION OF PUBLIC HEALTH NURSING**

**Report to Town of Alfred for year ending December 31,  
1971**

The Division of Public Health Nursing continued to offer its services to townspeople during the 1971 calendar year.

In the spring, three child health conferences were conducted to provide health supervision for infants and preschool children. A total of fifty-five children attended; fourteen received physical examinations. The following immunizations were given:

Type of Immunization	Number of Children Immunized
Diphtheria, whooping cough and tetanus	11
Polio, oral	6
Smallpox	2
Measles	6
German measles (rubella)	12

Home visits were made to help families cope with specific health problems.

The Division of Public Health Nursing coordinates its services with those of the district school nurse in order to maintain and promote health for the people of Alfred.

Appreciation is expressed to volunteers and others who assisted in carrying out the public nursing program.

Respectfully submitted,

Carol Benvie, R.N.  
Public Health Nurse

## **ANNUAL REPORT OF THE ALFRED HEALTH COUNCIL**

Rubella vaccine was received by seventeen children in February. In April, 25 children received immunization shots and physicals at pre school clinic.

Diabetes week was observed and people were asked to bring specimens to the Senior Citizens Center in Sanford to be tested. The children were tested at school on November 18th.

Services of the Community Family and Child Guidance Association were used and appreciated.

We want to thank Dr. Richards and Mrs. Conley for their help.

## AUDITORS REPORT

February 2, 1972

Board of Selectmen  
Alfred, Maine

Gentlemen:

In accordance with the provisions of Title 30, Section 5253, Revised Statutes of 1964, and at your request, the financial records of the Town of Alfred have been audited for the municipal year ended December 31, 1971.

As required by statute, one copy of this report together with the audit procedural form prescribed by the state auditor for governmental audits in accordance with statutory requirement have been forwarded to the State Department of Audit.

The examination was in the form of a limited general audit and performed in accordance with standards established by the State Department of Audit and by the National Committee on Governmental Accounting. Audit analysis was on a basis consistent with the preceding year and included all procedures considered necessary.

Insofar as could be ascertained within the scope of the examination, the financial affairs of the Town appear to have been appropriately handled, with such exceptions as may be noted in the accompanying comments.

Exhibits and schedules together with the accompanying comments present the result of the financial operations of the Town for the period designated.

All of which is respectfully submitted.

C. R. Woodman  
Public Accountant

## COMMENTS

### TOWN OF ALFRED

JANUARY 1, 1971 TO DECEMBER 31, 1971

An audit of the financial records maintained by the Town Officers of Alfred has been completed for the municipal year ended December 31, 1971.

The examination included a review of cash transactions and an analysis of available funds and expenditures. The results are incorporated in the following comments, exhibits, and supporting schedules.

An analysis of the results of the year's operations showed that net departmental balances credited to general fund surplus amounted to \$2,843.83, per the following summary:

#### Departmental Balances

Unexpended	\$14,635.05
Overdrafts	(11,791.22)
Net balances to surplus	\$ 2,843.83

ASSETS . . . . . The general fund cash balance of \$14,617.96 was reconciled with a statement furnished by Sanford Trust Company, Sanford, Maine.

Taxes receivable, tax liens and tax acquired property amounted to \$32,270.85, \$4,704.03 and \$510.99 respectively.

LIABILITIES . . . . . An appropriation of \$1,300.00 to increase old cemetery trust funds remained unpaid at the year end.

SURPLUS . . . . . Net balances of \$3,279.16 were carried forward to 1972, which represented State Aid Road and other funds appropriated for uncompleted or continuing projects.

Unappropriated surplus amounted to \$46,524.67, an increase of \$3,764.95 as compared with the preceding year. This increase was occasioned principally by net departmental balances of \$2,843.83 lapsed to general fund surplus at the year end.

SPECIAL FUNDS . . . . . Transactions effecting the various special funds were reviewed. Fund balances at the year end were as follows:

Old Cemetery	\$ 4,767.36
Fire Truck	826.77
Municipal Building	14,039.02
*War Memorial	7,186.30
Parsons Library	4,160.53

## PARSONS MEMORIAL LIBRARY

To the Directors of the library, and the voters of the Town, we submit the 67th annual report:

On the first of October, 1972, the Directors regretfully accepted the resignation of Mrs. Bertha Drew as librarian. For over twenty years Mrs. Drew, faithfully, conscientiously, and lovingly carried out her duties at the library. I am sure that her knowledge of the library will be a great loss to the people of the town, and that many a historian and genealogist will miss the generous time and help that she gave to them with their research projects. I am sure everyone wishes her the best of health and happiness in her retirement.

We have added many new books this past year, quite a few of which were gifts to the library from interested patrons. To these generous people we give our thanks.

Through the cooperation of the H.D. Goodall Library, Springvale Library and the Maine State Library we were able to furnish our patrons with books that were not available in our own library.

We had eighteen new adult borrower's cards issued and thirty-six new student cards. Many of the student cards were issued when the Principal of the Elementary

School brought his sixth grade in to the library for a special tour. The fourth grade also came in this past year to go through the library, and a good time was had by all of us.

In August Mr. Kimball retired as maintenance man at the library and Mr. Maurice Gilpatric was hired to replace him.

The Maine Library Association and the New England Library Association conferences were attended, along with the regional book selection meetings when they were held.

Many books have been weeded off the shelves this last year, but there is still a great deal more to do in this area, to make room on the shelves for the newer books. Space will always be a problem.

The New Century Club selected and presented to the library their gift as they have done so generously the past several years, for which we are very grateful.

Another book sale was held during the summer, and although not as successful as last years, a total of \$48.00 was netted, and used to buy some new books for the students room.

I sincerely hope that I will be able to serve the people of the Town as well in the future, as Mrs. Drew has done in the past two decades.

Respectfully submitted,  
Dorothy M. Hill  
Librarian

## SOUTHERN MAINE REGIONAL PLANNING COMMISSION REPORT FOR 1972

The purpose of the Southern Maine Regional Planning Commission may be summarized as follows: (1) to provide central staff technical assistance and professional services to local planning boards and other local officials; (2) to acquire and share human, economic and natural resource information on the area which will be useful to the member municipalities and the region; (3) to bring the municipalities together to consider and coordinate desirable management and governmental action relative to their common problems and advantages; and (4) to assist in obtaining available State and Federal assistance in planning and work programs of value to its members.

During 1972 such efforts were notably strengthened by expansion of the central staff and a marked increase in services which were delivered directly to the local municipalities. These services included technical assistance to local officials from two staff planners and an environmental engineer, management information and aids, and legal counsel. These services were provided

through public informational meetings (approximately 24); staff meetings (well over 100) with local planning boards and other officials within the individual municipalities; extensive publication and distribution of informational materials, such as: State laws and regulations; material on State and Federal agencies and the assistance available through them; and staff research and/or publications on the region, such as: ongoing work on a comprehensive water, sewer and storm drainage regional plan, groundwater research and investigation, solid waste management investigations, etc.

In addition, the Commission developed, in close coordination with municipal representatives and local planning boards, the Planning Board Standards for Reviewing Land Subdivisions which have been adopted almost unanimously by the region's local planning boards in response to State requirements. These Standards have been an important means of helping local planning boards to fulfill their legal requirements and also to guide rapidly increasing land development in directions which are sound and consistent with the best future interests of the municipalities and the region in general.

During the fall, the Commission has started work on a similar, though more complex, project relating to State requirements for local zoning. This is an outgrowth of the Mandatory Shoreland Zoning law, which demands that local municipalities zone their shorelands by June 30, 1973 or have it done for them by the State. The Commission, again working with municipal representatives and local planning boards and other officials, is in the process of developing model zoning regulations designed to meet the needs of the region and to be thoroughly reviewed and discussed prior to submission to local governing bodies for local action. Again, the individual munici-

palities, working alone and unassisted, would find it extremely difficult to measure up to the requirements.

The Commission, by means of local municipal funding amounting to about 15% of its total budget, has been able to establish itself as a workable and valuable tool for its member municipalities and to demonstrate to State and Federal agencies that it deserves to be supported with an additional 85% financial assistance through public funds. Though it receives such extensive outside help, the Commission nevertheless exists solely to serve local municipalities individually and collectively. It is governed solely by local, municipal and county representatives. It is dedicated by State law, by its by-laws and by its own organization solely to determine and defend the local and regional interests. It cannot rule or regulate, but can only advise. With these purposes and constraints, it would appear that the Commission is both an essential tool and an organizational bargain for its member municipalities.

Town of Alfred  
Alfred, Maine

We have examined the accompanying balance sheet of the Town of Alfred, Maine as of December 31, 1972 and the related statements of operations - general fund and changes in fund balances for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. The financial statements for the preceding year were audited by another independent public accountant.

In our opinion, the financial statements referred to above present fairly the financial position of the Town of Alfred at December 31, 1972 and the results of its operations for the year then ended in conformity with accounting practices generally followed by municipalities applied on a basis consistent with that of the preceding year.

## PARSONS MEMORIAL LIBRARY

To the Directors of the Library and the Voters of the Town, I submit the 68th annual report.

During the past year I have tried to make some necessary changes at the library. More books have been weeded from the shelves to make necessary space available for the newer books that are being added every year, but there still remains a lot of work to be done in this area, and as I have said before, space will always remain a problem.

Fluorescent lights have been installed in the alcoves on the main floor which improves the lighting in these areas.

The card catalog files have been gone over and updated, and with deep gratitude I wish to express my thanks to Mrs. Dorothy Faunce and Mrs. Martha Roberts for the time they spent last summer typing and filing for me.

This past summer a children's book sale was held and my thanks go to those children who helped prepare the books and run the sale from which they earned \$64.00. This money was used to buy new books in the children's room.

The New Century Club again this past year presented the library with their generous gift of books for which we always are grateful.

We have also received money this year for Memorial gift books and Memorial books were also presented to the library.

Twenty-six new adult cards and twenty-five new children's cards were issued. The circulation of books and magazines increased considerably this last year.

The Maine Library Association and New England Library conferences were attended this year, along with the Regional book review meetings which were held by the Maine State Library.

Respectfully submitted,  
Dorothy M. Hill  
Librarian

#### **ANNUAL REPORT OF THE ALFRED HEALTH COUNCIL**

Well Baby Clinics were held with the Town of Lyman in April, May and June.

Mrs. Carol Benvie & Mrs. Nancy Hewett, Public Health Nurses, assisted Dr. Carl Richards.

##### **Shots Given**

Mumps 19	Measles 9
Rubella 4	Polio 35
D.P.T. 29	Comb. 4

Also 25 Physicals

Twenty-two children were registered and examined for kindergarden. It was recommended not to give shots next year at this time for the children were nervous and keyed-up. The Council up-dated all health records at this time.

Mrs. Shellby the School Nurse and Council held eye examinations for the Alfred Grammer School; also a Diabetic Clinic.

We distributed test tapes in conjunction with National Diabetic Week at the Town Hall on Election Day.

The Health Council is a volunteer group anyone who wishes to join may call Mrs. Karen Snow, President or Mrs. Winifred Moulton, Secretary.

Our special thanks to Dr. Richards who is always so helpful and cooperative.

Respectfully submitted,  
Winnifred Moulton  
Secretary

## REPORT OF THE ALFRED PLANNING BOARD

The regular meetings of the Alfred Planning Board are on the second and fourth Mondays of each month at 7:00 P.M. at the Alfred Town Hall. At present we hold 'work meetings' on the remaining Mondays.

Since town meeting of 1972, the Board has approved 44 new lots in eleven subdivisions that were reviewed. Two subdivisions were not approved because of poor soil conditions.

On May 24, 1972 the Planning Board Standards for Reviewing Land Subdivisions were adopted with two minor changes from the Standards adopted by the Southern Maine Regional Planning Commission.

The Board was expertly assisted by SMRPC during 1973 in preparing a Comprehensive Plan for the Town of Alfred, which the Board adopted on September 24, 1973, after a public hearing.

On October 22, 1973 the Board adopted a moratorium on all major subdivisions (over four lots) until the March Town Meeting to give us a chance to complete a zoning ordinance and other regulatory ordinances to present to a town meeting. This would not affect a 12 lot subdivision which is being reviewed.

The State of Maine's deadline for municipal adoption for shoreland zoning and subdivision control ordinances is June 30, 1974. The Planning Board is the municipal body responsible for preparing such ordinances.

Due to the pressure of the influx of people and land developers from the south of us, many of our citizens see a great need for regulatory ordinances such as zoning, a building code and a plumbing code to direct and channel new development in the best interests of the Town of Alfred and its people.

The Board feels a heavy responsibility in preparing good and fair zoning ordinances and codes to protect the quality of life in what many feel is one of the most attractive towns in Maine. In the coming weeks there will be public hearings, where we shall ask for your guidance. We urge your attendance.

Board of Selectmen  
Town of Alfred  
Alfred, Maine

We have examined the accompanying balance sheet of the Town of Alfred, Maine as of December 31, 1973 and the related statements of operations - general fund and changes in fund balances for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the financial statements referred to above present fairly the financial position of the Town of Alfred at December 31, 1973 and the results of its operations for the year then ended in conformity with accounting practices generally followed by municipalities applied on a basis consistent with that of the preceding year.
